

2135TiMAX 1/2" Air Impactool™

Maximum Impact

Maximum impact

As if the Ingersoll Rand 2135Ti wasn't already the best 1/2" air Impactool™ you can buy, we decided to make it even better. Perfect for tackling any job in the service bay, the new 2135TiMAX delivers maximum power and control, along with unmatched reliability that comes from more than a century of proven engineering and innovation.

Titanium hammer case is lightweight with unparalleled durability

Improved grease fitting for easy maintenance

MAX Power

780 ft-lb maximum reverse torque from a tool weighing less than 4 lb. — that's the best power-to-weight ratio in its class

MAX Control

Feather-touch trigger, wider range of power regulator settings in forward, always max power in reverse, patented one-hand forward / reverse control

MAX Reliability

Free two-year limited warranty with tool registration

Quiet Tools

All the power, without all the noise

The 2135QTiMAX and 2135QTi-2MAX feature our patented Quiet Tool technology, which reduces sound levels caused by air pulsating through the impact motor, without compromising our best-in-class torque levels.

2135TiMAX

The original, perfected twin hammer mechanism utilizes proprietary advanced metallurgy

Hard-coat anodized end plate stands up to the toughest jobs

Patented four-position power regulator dial for MAX control

Feather-touch trigger enables impressive control

Patented one-hand forward / reverse for easy operation

Optimized airflow ensures maximum performance
